CHOOSING A COMPACT EXCAVATOR JUST GOT TOUGHER

With our New Generation of JCB 1-2 tonne compact excavators, you have a whole lot more to consider. **CHOOSE TOUGH** with 100% steel bodywork, protected hoses and a solid cast rear door. **CHOOSE EASY** for cleaning, maintenance, pre-start checks and controls. **CHOOSE SIMPLE** with 500-hour greasing intervals and flat glass. And **CHOOSE QUICK** for speedy transportation and turnaround times.

15C-I CANOPY/CAB

Complete with 3 buckets

NEW GENERATION

Compact Excavator

This lightweight conventional tailswing model, is ideally suited to being towed behind a van or pickup. The 15C-I is a standard specification, fixed undercarriage model driven by a gear pump offering single speed tracking.

- 2.426m dig depth
- 2.598m dump height
- 1,664kg operating weight
- 11.7kW engine

ACCESS THE REVOLUTION

JCB took the market by surprise last year by launching a new range of Access machinery which has been quietly developed over the last 3 years to meet the needs of rental companies and contractors worldwide. Initially, a range of 9 electric scissor models has been introduced, from 15' up to 45' with every model certified to EN280 and compliant with the latest ANSI and CSA legislation to ensure the highest quality. Designed using 70 years of engineering and manufacturing experience and supported by leading, round-the-clock support, JCB aims to deliver a complete solution for Access customers.

“We were very interested to hear that JCB were producing its own range of equipment and wanted to be among one of the first to get on board with this. We would definitely recommend JCB Finance because it provides great service and a superior quality product. Its approach, flexibility and high standard of customer service is second to none.”

BUSINESS SUPPORT

HIRE PURCHASE AND LEASING SOLUTIONS

Authorised and regulated by the Financial Conduct Authority, JCB Finance offer a range of funding options to business users across the United Kingdom. Working side by side with the JCB dealer network, JCB Finance offer a smooth solution to the funding of your JCB.

JCB FLEXILEASE

As an attractive alternative to traditional Hire Purchase, we'd like to tell you about JCB FlexiLease. It's like leasing with one big difference- any profit on sale will be kept by you. All we ask is that you act as the agent of JCB Finance and sell the equipment within 30 days of the end of the lease term or simply return it to us. With JCB FlexiLease, instalments are often much lower than standard HP payments.

HIRE PURCHASE

Monthly repayments that can be fixed or track a variable rate depending on how you like to do business. The machine is yours once all the payments have been made.

Other facilities are available and with flexible payment options your JCB Finance representative can discuss with you so you have more options when choosing how to fund your new machine.

Call 0800 150650 to speak with JCB Finance. Or visit www.jcb-finance.co.uk

HIREMAX - HIRED OUT PLANT INSURANCE

Hiremax is designed for plant and tool hirers to hire plant out without their customers needing to insure it. Customers using the plant often find it easier to pay a waiver fee instead of having to arrange their own insurance.

PLANTMASTER – CLASS LEADING PLANT INSURANCE

Plantmaster is comprehensive insurance for your machine. Designed and developed by JCB Insurance Services, Plantmaster offers up to 45% discount for JCB security features, Nil Theft excess** and 2 years New for Old cover. It also covers your Road Risks so you can travel on public roads and can even include your third party working risk.

JCB PREMIERCOVER - MORE PEACE OF MIND

JCB PremierCover offers extended protection for every part of your JCB equipment for 5 years as standard and up to 6,000 hours.#

£200,000 TAX RELIEF

on Plant, Machinery and Commercial Vehicles

The Annual Investment Allowance (AIA)

is a type of capital tax allowance that offers 100% tax relief on qualifying capital expenditure in the year of purchase. This enables businesses to effectively save £1 in taxable profits for every £1 spent.

The Annual Investment Allowance (AIA) tax relief is available on purchases of plant, machinery, commercial vehicles and building fixtures and fittings.

YOU CAN CLAIM AIA AGAINST
HIRE PURCHASE ASSETS
JUST AS IF YOU HAD PAID CASH

The interest charged on Hire Purchase agreements is 100% tax deductible too.

HOW DOES THE AIA WORK?

Qualifying Business Expenditure
e.g. £225,000 spent on a combination of machinery, commercial vehicles and building fixtures and fittings in the accounting year.

Up to £200,000 of expenditure on business assets (e.g. JCB machines and commercial vehicles) per year is 100% allowable against taxable profits of a business, deductible in the year that you buy them. This accelerates the tax relief rather than the tiered writing down allowances (WDA) normally applied over several years.

Did you know?

£200,000
100% offset
against taxable profits
£25,000
at normal WDA
(18% or 8%)

WHO CAN CLAIM AIA?

Nearly all businesses can claim, regardless of their size; sole traders, partnerships and limited companies. The only business structures that can't claim AIA are mixed partnerships (consisting of individuals and companies) and trustees.

WHAT CAN YOU CLAIM AIA ON?

Most assets claimed for business use qualify including; excavators, telehandlers, dumpers and compaction rollers. Cars cannot be claimed under this scheme.

To find out how JCB Finance can help your business save up to £200,000 call 0800 150 650 or visit www.jcb-finance.co.uk

JCB Finance provides asset finance including Hire Purchase facilities for UK businesses but is not a tax or financial advisor – always seek advice from your accountant or tax advisor because every business' circumstances are different. JCB Finance is authorised and regulated by the Financial Conduct Authority.

REBORN TO PERFORM

Get a range of re-manufactured components with the same performance and warranty 'as new' for peace of mind at a fraction of the cost.

For more information, contact your local dealer or visit: www.jcb.com/service-exchange.

UNDERSTANDING THE MANUFACTURER'S RECOMMENDED RETAIL PRICE (MRRP)

- The listed MRRP is JCB's non-binding recommended retail price for a JCB product at the stated specification.
- JCB sells its products through a network of independent authorised dealers and therefore the MRRP is not the selling price of a JCB product.
- JCB dealers are free to sell products at any price they wish which may be higher or lower than the MRRP and the MRRP is only a non-binding recommendation to JCB dealers.
- If you wish to obtain a quotation for a JCB product from a JCB dealer then please use the quotation tool on our website or contact a JCB dealer directly.

JCB FINANCE

J.C. Bamford Excavators Limited is an appointed representative of JCB Finance Ltd which is authorised and regulated by the Financial Conduct Authority. JCB Finance Ltd is authorised and regulated by the Financial Conduct Authority (Firm Reference No. 708332). Registered in England: No.972265. Registered Office: The Mill, Rocester, Staffordshire ST14 5JW.

The finance offers are restricted to business users in the United Kingdom, available from participating JCB dealers, subject to acceptance and affordability checks by JCB Finance Ltd, with a minimum amount financed of £5,000.

The weekly Hire Purchase values used are for illustrative purposes only and are dependent on precise machine specification with monthly payments and a minimum 10% deposit plus full VAT on signing followed by 36 monthly payments for 3 year illustrations or 60 months for 5 year illustrations. You will own the machine when all payments have been made. A £245 documentation fee is payable with the first payment and a £40+VAT option-to-purchase fee will be collected together with the final payment; these amounts are payable on all HP agreements.

The JCB Flexilease weekly instalments illustrated over 3 years are based on a 3+33 monthly payment profile and 5 years are based on 3+57 monthly payment profiles, each with VAT due on each instalment and on the machine working in a medium application for a maximum of 1,000 hours per annum (Teletruks assume 1500 hours per annum, Generators 2,000 hours and Tandem Rollers, Multi Purpose Compactors and Access equipment assume 500 hours per annum). A £245 documentation fee is payable with the first payment. JCB Flexilease return conditions will apply and you will not own the machine at the end.

JCB INSURANCE

**Nil Theft Excess in the event of a machine fitted with CESAR Registration being stolen and not recovered. JCB Insurance Services Ltd is Authorised and Regulated by the Financial Conduct Authority.

JCB PREMIERCOVER

#JCB PremierCover protection is conditional on fulfilment of a number of important qualifying conditions including that the JCB machine must be serviced by an authorised JCB dealer in accordance with the operator's handbook at all times from new. For full terms of JCB PremierCover please see your local authorised JCB dealer visit www.jcb.co.uk/customersupport.
