JCB

WELCOME TO

JCB more2offer has been designed to support your business with all of the products you need, from the great British name you know and trust. This regular catalogue keeps you up to date with all the latest products and makes ordering your own, easy and affordable.

MORE PRODUCTS

JCB have more products than you probably thought. From mini excavators to power generation products and the range just keeps getting bigger – in this issue the new JCB Compaction Equipment.

MORE OPTIONS

Leasing and Hire Purchase options are shown so you can see how your business could acquire a new JCB whilst preserving vital working capital. All finance options in this catalogue are aimed at UK business users only and terms apply. J.C. Bamford Excavators Limited is an appointed representative of JCB Finance Ltd which is authorised and regulated by the Financial Conduct Authority.

MORE VALUE

JCB products are better value than you probably thought as well. With regular offers, more ways to pay plus extended warranties and insurance, you'll be pleasantly surprised.

INTRODUCING JCB FINANCE

JCB Finance understand the industry and work seamlessly with the JCB Dealer network to deliver a first class service. Supporting UK businesses since 1970, JCB Finance help businesses grow and invest, from new start-ups to blue chip corporates, always putting customers first.

The weekly values used in this catalogue are for illustrative purposes only, are dependent on precise machine specification and can be tailored to suit your needs.

For more information about JCB Finance visit www.jcb-finance.co.uk or ask your local JCB Dealer.

ABOUT HIRE PURCHASE

With all the benefits of ownership without the initial capital outlay, payments are made up of capital and fixed interest at the time of documentation offering security of fixed repayments that can act as a hedge against inflation and rising interest rates. The VAT is fully reclaimable for applicable purchases and the interest on the agreement can also be off set against tax.

The machine becomes yours once all the payments have been made and you can benefit from the tax writing down allowances including the Annual Investment Allowance, just as if you'd have paid cash.

A £245 documentation fee is payable with the first payment and a £50+VAT option-to-purchase fee will be collected together with the final payment; these amounts are payable on all Hire Purchase agreements.

ABOUT JCB FLEXILEASE

An option to consider when owning the goods isn't important to you, but benefitting from a typically lower payment is - due to a proportion of the value being unpaid by you which we call the Investment Value.

The Investment Value is stood by JCB Finance who give you the opportunity to find a buyer of the goods at the end of the agreement. Any sale price achieved higher than this investment value is yours! Terms apply, such as you need to give the original supplying dealer first option but you decide whether or not to accept this offer.

Alternatively you can return the goods to JCB Finance at the end of the term subject to the return conditions agreed at the start including the agreed maximum hours of usage.

Other benefits of JCB FlexiLease include low initial outlay and VAT due with each rental, not all up front.

A £245 documentation fee is payable with the first subsequent payment following inception.

Finance is subject to acceptance and affordability checks by JCB Finance Ltd, with a minimum amount financed of £5,000.

J.C. Bamford Excavators Limited is an appointed representative of JCB Finance Ltd which is authorised and regulated by the Financial Conduct Authority.

I9C-IE

Electric Compact Excavator

The new I9C-IE is the industry's first fully electric mini excavator and lets you do a full day's work on a single charge with zero emissions at point of use.

- Operating weight - 1,862kg

ACCESS EQUIPMENT

DESIGNED TO MEET THE HIGHEST PRODUCT QUALITY STANDARD

BUILT TO A HIGHER STANDARD

Designed using 70 years of engineering and manufacturing experience, the electric scissor range from JCB Access has been developed to meet the needs of rental companies and contractors worldwide. All 9 models, which range from 15ft to 45ft, have been independently certified to EN280 for CE conformance ensuring the highest product quality standard.

“We have a full range of the JCB scissorlifts. The durability of the machine has been fantastic, they are definitely a machine for the access industry. We can't fault it, it's a great product.”

BUSINESS SUPPORT

EXTENDED WARRANTY

JCB POWERTRAINCOVER - PROTECT THE HEART OF YOUR MACHINE

JCB PowertrainCover is an extended powertrain warranty package providing protection for the key drivetrain components of your JCB machine, for total peace of mind.

JCB PREMIERCOVER - MORE PEACE OF MIND

JCB PremierCover offers extended protection for every part of your JCB equipment for up to 5 years as standard and up to 10,000 hours.*

Features & Benefits:

- Protection for up to 5 years or 10,000 hours.*
- Available on all machines with an hour meter
- Available on machines up to 6 months old
- Same component protection as factory warranty**
- Transferable to a second owner
- Fully supported by JCB

*Hours and time period varies per machine model

**Not applicable to Powertraincover

JCB INSURANCE

HIREMAX - HIRED OUT PLANT INSURANCE

Hiremax is designed for plant and tool hirers to hire plant out without their customers needing to insure it. Customers using the plant often find it easier to pay a waiver fee instead of having to arrange their own insurance.

PLANTMASTER – CLASS LEADING PLANT INSURANCE

Plantmaster is comprehensive insurance for your machine. Designed and developed by JCB Insurance Services, Plantmaster offers up to 45% discount for JCB security features, Nil Theft excess** and 2 years New for Old cover. It also covers your Road Risks so you can travel on public roads and can even include your third party working risk.

#Terms apply, see page 42 for details.

GAIN UP TO £1 MILLION

TAX RELIEF PER YEAR

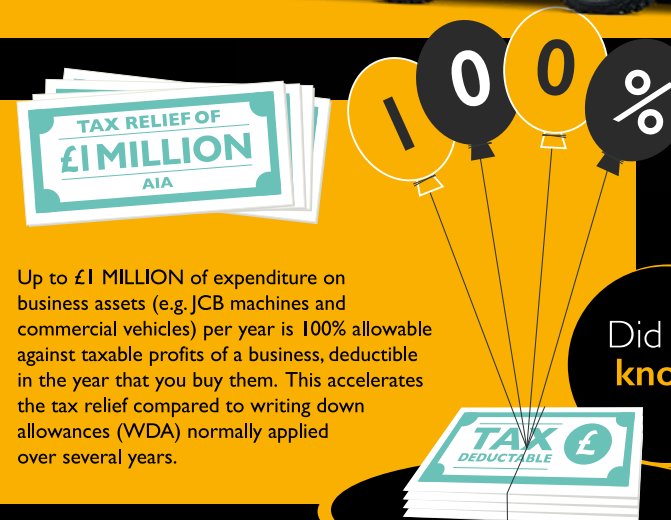

The **Annual Investment Allowance (AIA)** is a type of capital tax allowance that offers 100% tax relief on qualifying capital expenditure in the year of purchase. This enables businesses to effectively save £1 in taxable profits for every £1 spent.

The Annual Investment Allowance (AIA) tax relief is available on purchases of plant, machinery, commercial vehicles and equipment.

YOU CAN CLAIM AIA AGAINST
**HIRE PURCHASE
ASSETS**
JUST AS IF YOU
HAD PAID CASH

The interest charged on Hire Purchase agreements is 100% tax deductible too.

Up to **£1 MILLION** of expenditure on business assets (e.g. JCB machines and commercial vehicles) per year is 100% allowable against taxable profits of a business, deductible in the year that you buy them. This accelerates the tax relief compared to writing down allowances (WDA) normally applied over several years.

Did you
know?

HOW DOES THE AIA WORK?

Qualifying Business Expenditure
e.g. £1.2 million spent on a combination of machinery, commercial vehicles and equipment in the accounting year.

£1 MILLION
100% offset
against taxable profits

£200k
at normal WDA
(18% or 8%)

WHO CAN CLAIM AIA?

Nearly all businesses can claim, regardless of their size; sole traders, partnerships and limited companies.

WHAT CAN YOU CLAIM AIA ON?

Most assets claimed for business use qualify including: excavators, telehandlers, dumpers and compaction rollers. Cars do not qualify for this allowance.

To find out how JCB Finance can help your business save up to **£1 MILLION**
call 0800 150 650 or visit www.jcb-finance.co.uk

JCB Finance provides asset finance including Hire Purchase facilities for UK businesses but is not a tax or financial advisor – always seek advice from your accountant or tax advisor because every business' circumstances are different. JCB Finance is authorised and regulated by the Financial Conduct Authority.

QUALITY TOOLS FROM THE BRAND YOU CAN TRUST.

In every corner of the world, you'll find a JCB machine. Since our beginnings in 1945, we have always invested heavily in research and development, keeping JCB at the cutting edge of innovation. Today, JCB has some of the finest engineering facilities across the globe, producing a range of over 300 machines and maintaining a reputation for unrivalled customer service. The same innovation to always get the job done better, the same quality to never let you down, the same engineering heritage and expertise that you can trust, can be found in our latest range of JCB Tools.

Features of the JCB Tools range include:

BRUSHLESS MOTOR TECHNOLOGY

Providing an extra 25% more power, 50% longer run time and increasing motor life by 50%.

LATEST LITHIUM-ION BATTERY TECHNOLOGY

Available in batteries ranging from 2 – 5Ah.

ONE BATTERY SYSTEM

Use the same JCB battery across all of our latest range of cordless Power Tools.

L-BOXX SYSTEM

Our Power Tools and Power Tool Accessory Kits come already packaged in one of the world's leading professional tool storage and van racking systems. This means they're securely stored, enabling efficient use of transportation space and making them clearly identifiable whether on the jobsite or in a workshop.

UP TO 5 YEAR WARRANTY

Brand leading guarantee for extra peace of mind. Terms and conditions apply.

DIAMONDTech™

A selection of quality Power Tool accessories that deliver up to five times longer service life.

Our range of professional quality tools and accessories has been designed and developed to meet the ever increasing standards and needs of both the trade and DIY users.

By using high quality materials and manufacturing technology, each product offers multiple benefits for increased performance and productivity.

Visit www.jcb-tools.com to locate your nearest stockist or call our helpline on **0330 8380257**
